3 Examination Subjects

German and Mathematics

4 Written Examination

The examination comprises the following components:

- German: Writing assignment (60 minutes), language examination (reading comprehension and grammar test) (40 minutes)
- Mathematics: Candidates are examined on tasks on the level of the revision exercises of the 6th grade primary school curriculum (60 minutes).

5 Oral Examination

Every candidate is required to take the oral examinations in each subject, irrespective of the results of the written exams.

- German: Candidates are required to read a given text out loud and to retell the content as precisely as possible. Attention should be paid to the characters that appear in the text, the structure and development of the story, and relevance to our everyday life. Candidates should also attempt to explain the meaning of the text. (15 minutes).
- Mathematics: Candidates are examined on tasks on the level of the primary school curriculum. (15 minutes).

6 Written Examination Marks

The writing assignment and the language test receive equal weighting when calculating the mark in German.

7 Oral Examination Marks

An oral examination mark receives the same weighting as a written examination mark.

8 Examination Results

The pass mark for the examination is a minimum average of 4.0 in all four components of the examination (German, written and oral; Mathematics, written and oral). Marks from the previous school are not taken into consideration.

9 Coming into Effect

These regulations were approved by the Department of Education on 12 August 2015. They come into effect for the 2015/2016 school year. They replace all previous regulations.
